REMARKS

The figures of births and deaths shown in this statement for week ending the 9th March, 1957 relate to 193 towns with an estimated population of 29,457 thousands. Information about Andhra Pradesh, Assam, Madhya Pradesh, Pondicherry, and Rajasthan could not be included. The total number of towns is 318 and their population is 41,584 thousands. Thus 61% of the total number of towns representing 71% of the

total population is covered in this statement. The number of births and deaths recorded in these towns were 15,072 and 7,210 representing birth and death rates of 26·6 and 12·7 per thousand of population respectively.

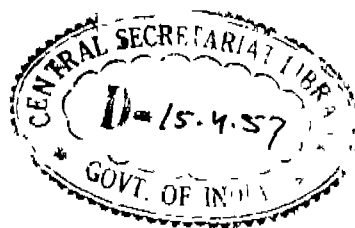

No town recorded a high death rate of 50 or above per thousand of population. The following table gives the position by States :—

States	Current w/e 9-3-57		Corresponding w/e last year
